## MAC unveils new mobile-friendly flight tracker

The Flight Tracker has long been popular with aviation enthusiasts and residents near Minneapolis-St. Paul International Airport (MSP) for monitoring flights and noise levels. But the new tool offers enhanced features including a mobile-device friendly interface, the capability to see each flight's real-time speed and altitude, and find a noise level from the MAC sound-monitoring devices located in neighborhoods near the airport.

You can access this tracker at [macnoms.com](http://macnoms.com)

## NEW Safety Rebate Program

The ANA is excited to announce two new rebate programs to help support and encourage safety improvements for residents and area businesses.

The ANA will provide a rebate for the first \$100 in expenses for eligible improvements per address per calendar year for homeowners and up to \$1,00 per year for businesses (with a lifetime cap of \$2,000). The 2018 program runs 7/1-12/31, and eligible receipts must be within these dates.

### REBATE CRITERIA

All residential properties in the Armatage neighborhood, both owned or rented, may receive a rebate. Multiple applications may be submitted, but the total of rebates for any address is limited to \$100 per property per calendar year. ANA reserves the right to verify through inspection that

claimed work/purchases were, in fact, installed.

**Eligible Improvements** (examples, but not limited to the following):

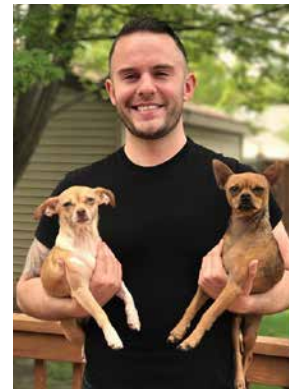

- Exterior security/motion lighting fixtures including any necessary wiring and electrical work
  - Exterior steel security doors, including garage access doors
  - Deadbolt locks on exterior doors, including garage access doors
  - Smoke detectors, carbon monoxide (CO) detectors, radon testing kits or associated test fees.
  - Window or sliding door security locks or security restraints
  - Security bars on garage windows or on windows not facing the street
  - Initial installation of a home security system/service (but not the monthly monitoring fees)
  - Fire extinguishers
- NOT Eligible:**
- Storm or combination doors not of the all-steel “security” type, even if lockable

- Tools
- Rental charges
- Personal installation time or “sweat equity”
- Monthly monitoring or service fees
- Batteries, light bulbs or other consumables

### REBATE PROCESS

Residents submit a completed form along with original receipts (online or by mail). Digital images of receipts are accepted. The ANA verifies compliance and issues a rebate check.

More details and apply for a rebate online at [armatage.org/programs/safety-rebate-program/](http://armatage.org/programs/safety-rebate-program/)

## Meet the Board

### TYLER MULCAHEY

*Tell us a little about yourself.*

I’m originally from a small farming community in southern Minnesota and moved to Minneapolis after graduating from Gustavus Adolphus College in 2013. My partner, Drew, and I recently bought our first home together near 60th & Morgan, where we live with our two Chihuahuas, Bentley & Piper. I’ve been originating residential mortgages for 5 years and am currently a Loan Officer with CrossCountry Mortgage, Inc.

*Why did you join the ANA board?*

As a first-time homeowner, I’ve had an interest in the direction of the neighborhood since we moved in. I see being on the board as a perfect opportunity to get involved in our local community. I’m looking forward to putting

forth my ideas to continue to make our neighborhood one of the most desirable in town, as I plan to raise a family here someday.

*What motivates you?*

There’s nothing more satisfying than completing a difficult project and seeing it through to the end — whether it be a project at work, a home improvement project, or planning a community event.

*What accomplishments are you most proud of or hope to see happen?*

While our neighborhood has one of the lowest crime rates in the city, I am proud that we are launching a safety rebate program, as community safety is one of my top priorities. By providing Armatage home and business owners this annual rebate for making safety improvements, we’ll slowly (but surely) decrease petty crime and make our neighborhood an even safer place to be.

*What do you enjoy doing in your free time?*

You can find me frequently hanging out with my partner and dogs in our backyard while grilling out and enjoying a nice cold beverage. I enjoy home improvement, gardening, landscaping, and spending time outdoors — especially if it involves being on, in, or around a lake.

## 2040 Transportation Plan

The Met Council is now taking public comment on the draft update to the 2040 Transportation Policy Plan (TPP). This is separate from the City of Minneapolis 2040 Comprehensive Plan ([minneapolis2040.com](http://minneapolis2040.com)).

Since the plan was adopted in 2015, new investment decisions and work have been incorporated into it to reflect the current landscape of regional transportation. The update continues to focus on cost-efficient and safe transportation investments that maintain our roads, bridges and transit system, and that will meet transportation needs now and into the future.
