Eli Johnson

Relationship to the Armatage Neighborhood:

Homeowner

Please tell us a bit about yourself:

My wife Emily and I have a 2 year old munchkin named Miles. Add that to 3 dogs and a cat...we have a full house! I work in real estate, and Emily owns a women's online clothing boutique. We moved here to start the family we now have, and we'll be here for decades! Can't wait to be more involved in the community.

What is your favorite place or thing to do in Armatage?

Only one? Well, with having a young kid, we are often seen at the park and playgrounds. During non-pandemic times, we also love to frequent the restaurants at 54th and Penn.

Why do you want to run for the Armatage Neighborhood Association Board?

I'd love to get more involved in the local community, doing things to help, building relationships and friendships with other residents.

What special skills would you bring to the ANA?

Energy, enthusiasm, optimism, and a desire for Armatage to continue to be a great place for all people of all backgrounds.

Are you currently an ANA board member?

No, I'd be a new board member!

Relationship to the Armatage Neighborhood:

Homeowner

Please tell us a bit about yourself:

Former board and staff member for the ANA, I have always loved being engaged with my neighborhood and our city. I have been a communications and marketing professional for most of my career, but have also done a lot of event planning and was involved in the summer festival and love finding ways to improve events, as well as explore new ways to connect with our neighbors.

What is your favorite place or thing to do in Armatage?

Pre-covid it would have been having a beer and pizza on the Red Wagon patio, these days it is walking the neighborhood with my family and dog.

Why do you want to run for the Armatage Neighborhood Association Board?

I would like to get back connected with the neighborhood and our role making connections, sharing information, and promoting the well-being of Armatage and all who live and work here.

What special skills would you bring to the ANA?

Historical knowledge from my prior experience on the board and working with the city. My professional experience in communications, marketing and event planning. My interest in promoting environmental sustainability programs as well as seeking out ways to engage our community around the arts.

Are you currently an ANA board member?

No, but I was on the Armatage board in the past!
